

# THE NETWORK FOR METAL CONSTRUCTION SOLUTIONS

## PARTNERS IN EXCELLENCE: NCI'S FAMILY OF COMPANIES

NCI (NYSE: NCS) is a leading integrated manufacturer and marketer of metal coil coating, metal building components and custom-designed metal building systems. Headquartered in Houston, Texas, NCI is comprised of a family of companies with 39 operational manufacturing facilities across the United States and Mexico with additional sales and distribution offices throughout the nation and Canada.

NCI and our network of companies are leaders in metal construction, bringing innovative products and building processes to the industry. Each of our companies strives for the highest level of excellence in customer service and product delivery. NCI's customers include designers, contractors and building owners in a wide range of markets, such as:

- Government and Institutional: Schools, churches and libraries;
- Commercial and Industrial: Warehouses, office buildings, self-storage facilities, manufacturing and distribution centers, hangars, auto dealerships and sports arenas;
- Agricultural: Storage and arenas;
- Green: Environmentally-friendly, non-residential construction projects seeking LEED or other certification by incorporating environmentally friendly and energy saving products.
